

## General Construction Info

- Construction on the Northwest Corridor Express Lanes Project will begin in October.
- The project team will work in earnest to inform the public about where work will be occurring and any impact that it will have on the traveling public.
- These construction notices, including any lane shifts and closures, will be proactively communicated in advance through Georgia DOT's Georgia Express Lanes website at [www.dot.ga.gov/expresslanes](http://www.dot.ga.gov/expresslanes), Georgia Navigator 511, social media and our local print and broadcast news outlets.
- Georgia DOT works diligently to minimize impacts to the public as much as possible.
- Most of the work for this project will occur off the existing roadway and in the median.
- Crews will be restricted from working in travel lanes during peak travel times and on holidays.
- Georgia DOT will work closely with our partners including city and county governments, community improvement districts, transit agencies, businesses and community groups to ensure that construction updates are readily available and widely communicated.

## Beginning Construction Sites

Construction begins in October at the following locations:

- *I-75 and I-285 Interchange*
- *Canton Connector*
- *I-75 and I-575 Interchange from Barrett Parkway to Allgood Road*
- *Hickory Grove Road*

Work at these locations will include:

- *Placement and staging of construction materials*
- *Clearing areas for construction to begin*
- *Bridge work*
- *Installing signage to assist the public in navigating the construction areas*

*This construction work will include lane shifts and closures. **All lane closures will be conducted during late evening and early morning hours.***
